EuroTra Safety and Innovation Award 2011 *Application Form*

The EuroTra Safety and Innovation Award has been created to recognise efforts made towards improving safety standards for professional road haulage drivers using the European road network.

This year's competition is open to companies or individuals who have developed a product or created a service which promotes safer working environments or practices for professional drivers across Europe *.

To apply for this award, please complete this form with as much information as possible. Any supporting documents or photographs can be submitted in order to help explain your product or service, and should be sent to James Tillyer at the Freight Transport Association (UK) on +441892 552225 or at jtillyer@fta.co.uk.

Company name	<input type="text"/>
Contact name and position	<input type="text"/>
Company Address	<input type="text"/>

* Please note that members of EuroTra, national government departments or companies funded directly by governments or councils are not eligible to take part.

Volvo Trucks
